### **Did you know...**

*that you can experience the museum's augmented reality attraction by downloading the Window on the World app to your iPhone tablet or Smartphone? There are a number of life size cardboard cut outs of local historical figures around the site and using the app you can bring them to life to tell you a little bit about themselves. This also works with the normal QR codes for those visitors without access to an iOS app.*

V—vegetarian

VEG—vegan
